

Second Gala Edition Of Campus Thunder Opens This Friday

By MAE WOOD

"Campus Thunder" will burst into view this Friday and Saturday night at the Klein Memorial. In a riot of gilt, crimson, and multi-hued gypsy and carnival costumes, the cast of forty will sing and frolic around the stage.

Under author Albert Dickason's capable direction, a variety of scenes is stressed with carnival life the subject of the central theme. There is "A Carnival of Old Chicago" complete with barkers, a wild woman, a gypsy, a gentleman of leisure, a Committee of Cultural Advancement, and Fifi and her Thunderettes.

Old-Fashioned Melodrama

"Seven Nights in an Ale House" or "A Trolley Called Desirous" is melodramatic. Then there is the gay, garish bustle of "Carnival Night" with a fortune telling gypsy, French girls and a boy and girl. Whirling, laughing Spanish singers and dancers pirouette at the "Carnival Ball" where the lovely Queen of the Carnival is crowned.

An old-fashioned "Golden Wedding" highlights a scene of quiet family life, after which a nostalgic blend of memory tunes (song hits from last year's show) are presented. In the "Garden of the Gods" an ethereal fantasy, all prophecies come true.

The production will feature five original songs. "I'm the Son of P. T. Barnum" and the "Barnum Bounce" were written by Sime Neary. "You Smiled and Said Hello" and "Garden of the Gods" were composed by Mr. Neary and Mr. Dickason, the director of the show; and "Fresh from the Country" was written by Vic Swain.

Company of Sixty

The cast includes Doris Bawersfeld, Donald Jones, Stewart Baker, Gerry Wilkens, Frank Driscoll, Kay Roche, Stephen LePage, Lynn LeBaron, Marilu Elliot, Norma Kelly, Phoebe Warshaw, Bud Harris, Paul Kaufman, Audrey Kane, Frank "Skip" Church, John Cox, Bob Downey, Tom McGannon, Anthony Mashak, Jr., Thomas A. Jackson, Jr., Hal Lukas, Jr., and Robert Middlemass.

Holly Chosen As Helicon's Editor

Ernest Holly is editor of the new Helicon, scheduled for publication early in January.

The staff desires literary criticisms, articles of current interest, short stories, and poetry. All who are interested in the furtherance of worthwhile literature in the University are requested to attend the next meeting, the time for which will be posted on the main bulletin boards.

The editorial committee, under the faculty supervision of Miss Mary McGuire and Mr. Milton Millhauser, has decided to distribute past issues of the Helicon to the student body. This action is being taken to acquaint all the new members of the student body with the University's magazine.

Concert Tickets Now Available

One hundred student season tickets for orchestra seats at the Connecticut Symphony concerts, to be held at the Klein, beginning November 26, are now available in Mr. Byerly's office over at Fones hall annex, for the small price of \$3.60. This is a saving of \$2.40, as the cheapest season ticket is \$7.00 to those who wish to go to the concerts but do not possess a season student ticket.

Seats for student ticket holders will be reserved in the orchestra section. The symphony plans six concerts for the season. The Christmas concert, December 17, will feature the Christmas part of Handel's "Oratorio". At this concert there is a strong rumor that our own Mr. Philip Jones, of the school's vocal section of the music department, may be one of the soloists. The concerts date as follows: November 26, December 17, January 21, February 18, March 18, and April 22.

Musicology for each program will be written by prospective music majors of the University.

Stewart Baker, barker for the University's annual gala musical extravaganza "Campus Thunder," introduces New England's most interesting women, Fifi and her Thunderettes. Reading from left to right, are demure John Saccone, the Hawaiian Hula Hula; Frank Jones, that luscious little bit of femininity Fifi herself; Daniel Greaney, and Baker. Reserved tickets for the show must be picked up no later than Thursday, at the college bookstore.

Nominations Now Open For All Class Officers

By ROLAND E. BLAIS

Class elections will be held on Dec. 9 and 10, on both campuses, it was announced this week by Jacqueline Keefe, chairman of the election committee.

In order to run for a class office, a student must submit an official

nomination blank signed by 25 students, a photograph, and a thumbnail sketch of himself to the election committee on or before Nov. 20.

One Week for Campaigning

The campaign period will run from Nov. 22 to Dec. 8. At the conclusion of this period, all candidates will appear on the stage of the Klein Memorial Auditorium before an assembly of the student body. Voting will take place, by ballot, during the three days following the assembly. Offices which are open are president (who becomes an S. C. A. C. representative), vice-president, secretary, treasurer, and historian.

Information concerning any phase of class elections may be obtained from election headquarters, third floor Simonds house, or from members of the election committee. Committee members are Jacqueline Keefe, chairman; Muriel Spear, publicity chairman; Maurice MacDonald, Buddy Harris, Edward DeWitt, Lois McMellon, Ruth Bowden, Edward Kost, planning chairman; Ethel Powers, Marie Clarke, and Leo Shalvoy.

Presidents of last years classes were Mathew Morris, Junior Class; John Cox, Sophomore Class, and Elaine Robertson, Freshman Class.

Christmas Dance To Be Held Dec. 12

The University's annual Christmas Formal has been scheduled for December 10 at the Ritz Ballroom, James A. Jephcote, dance chairman, has announced.

The dance will be sponsored by the Social Activities Committee. Assisting Mr. Jephcote will be Everett Matson, Steve LePage and members of the Social Activities Committee.

The Social Activities Committee installed new officers at their last meeting. Sam Hoxter is the new chairman and Jackie Keefe was elected secretary. Pam Judson is the new historian.

Student Parking Problems Solved at S.C.A.C. Meeting

A recently released report of the SCAC parking committee has revealed that through the co-operation of Mr. Bjore, a representative of the Cadillac garage on Fairfield Avenue, it has been able to temporarily secure the Cadillac parking lot on the north side of Fairfield Avenue.

When parking in this lot students are asked to park in an orderly line, fairly close together.

Neither the school nor the garage are responsible for accidents which occur on the lot.

Seaside Okay

Except for the entire north side and the south side, to approximately 200 feet west of Linden Avenue, there is no parking at any time. On all other streets surrounding Fones there is unlimited parking and therefore, the committee feels there is no immediate parking problem at this campus.

New 'Frat' On UB Campus

These officers will serve until elections, which are slated for later in this month. Edward Socha and John Kochiss were appointed to represent Alpha Delta Omega on the Interfraternity Council.

Other Members

Other members include: James Elwood, Edward Boyhen, Robert Brelling, Robert Keating, Vincent Krocinski, Nicholas Sabatelli, Albert Johnson, Jay Topham, Lou Lionetti, Stephen Naoum, Guy Fallo, Charles Berndston, and Edward Donahue.

LIBRARY GETS BOOKS

A collection of 1,500 books has been received by the University of Bridgeport library as a gift from the Weylister Secretarial School, formerly of Milford.

Entire University to Benefit Through NSA Campus Commission Activities

Chris Parrs, who was appointed chairman of the Southern New England Region of the National Student Association by the National Executive Committee, won the unanimous approval of the regional convention. The UB delegation included Fred Cicalo, Dave Zimmer and Dan Greaney, Acting Delegation Chairman. Jim Gaffney, Public Relations Director for the region, was greatly aided at the convention by John Saccone who attended in the capacity of an alternate and delegation secretary.

Purchase Card System

The convention went into session at 2:00 p.m. Saturday, at which time greetings and introductions were made. The delegates then separated into National Affairs and International Affairs Workshops. Through the efforts of Dan Greaney in the National Affairs Workshop, UB was designated as the seat of the Subcommittee on Community Problems and Human Relations. The most important issue of this workshop, however, was the Purchase Card System modeled after that used in Buffalo, New York. This system consists of a discount program for all member students at all places

designated by the N.S.A. Discounts will be available for members in all cities where the plan is used. A regional program was designed and will be implemented in Bridgeport as soon as arrangements can be made.

Students Wanted

The Campus Commission hopes to get enough interested students to aid in the new programs. Without the support of the student body, these plans will have to be tabled. It is especially desirable that Freshmen and Sophomores will join in these programs, for they are the ones who will enjoy the benefits of the programs for the longest period. However, the Commission is anxious to hear from all interested students.

There is a great advantage to the student body in having the Regional Chairman here along with the Public Relations head, as well as the Regional subcommittee. These factors will aid in raising the prestige of the University which will afford greater recognition to UB students. It was evident to the delegates to the Regional Convention that the work of the Bridgeport delegation aroused the interest and respect of the other

delegations for the U. of B. It is hoped that through the establishment of the active group this reputation will be greatly enhanced.

N. S. A. Interests City

The N. S. A. Commission at the UB has an excellent opportunity to do outstanding work, because it has the support and cooperation of the administration, and is aided greatly in the realization of its ideals through the intense community interest in problems of human relations. The amount of effort the student body puts forth on N. S. A. projects will determine the extent of the benefits they will receive. Here is the chance for all to work for the common good and the general welfare. See Chris Parrs, the Student Council, the N. S. A. Campus Commission, or the Wistarian office for details of how you can help.

Transportation For Evening Students

Any out of town evening students experiencing commuting difficulties, may contact Mr. Southhouse in the evening office for a list of other students from surrounding towns, who can provide transportation to and from classes.

Gladchuker's End Season by Losing To Maryland, 26-13

Sparked by fullback George Boston, the Maryland State College eleven, scored three times in the second period and once in the last period to top the UB'ers by a 13-point margin.

Early in the second half when Maryland was leading 19-0, Johnny Longo scored on a pass from Marchette after a 46-yard drive. Soon after, Paul Macciocco, playing beautiful center, recovered a Maryland fumble on the 44 to begin the second UB scoring drive.

A Marchette-to-Ramik pass was good to the 17 where a few plays later Di Menna plunged over from the 1-yard line on a handoff from Marchette.

BECKER ATTENDS CONFERENCE

Dr. Harry A. Becker, president of the Connecticut Conference of Junior Colleges, announced that the conference urged the establishment of State Scholarships. Under this arrangement, a successful candidate could attend any Connecticut School of his choice.

French, German Clubs Receive Increased Budget

Budgets for the French and German Language clubs were increased by \$20 each at a meeting of the Student Council Nov. 8 in Fones Annex. Both clubs made requests for the increases because their proposed programs could not be carried out with their current budgets. The clubs will receive \$70 each for the current school year.

Other business of the meeting included a report by Dan Greaney, chairman of the National Student Association campus committee, on the N. S. A. regional convention at New Haven.

Support The Community Chest

The Council voted its support of the current Greater Bridgeport and Stratford Community Chest campaign and urged that all students contribute to it.

The Student Council Advisory Committee, at a meeting on the afternoon of Nov. 8 in Fones Hall, voted to recommend that dormitory girls participating in "Campus Thunder" be given late permission to attend the production's cast party scheduled for Friday night following the first performance.

Class Elections Planned

Edward Kost was named chairman of the Elections Planning Committee by the S. C. A. C. to replace Frances Werner, who resigned. The committee is now distributing rules and petitions for the election of new class officers, which will be conducted in the near future. Also on the committee are Muriel Spear and Jacqueline Keefe.

At a previous meeting the S. C. A. C. was informed that the board of deans is investigating the proposal to make available commutation tickets for students using the Gray Line buses.

TELE-WIRE REPORTER

Lee Broadwin

Every week your Tele Wire Reporter will pick names at random from the Student Directory and call them by telephone to ask for an answer to the Question of the Week.

THE QUESTION

After attending UB for six weeks what do you have to say about it?

THE ANSWERS

By members of the Freshman Class and transfer students.

Rose La Grange—Freshman:

I like the University very much but the school spirit seems to have disappeared since Freshman Week. I think the transportation problem should be improved and that the Club period on Wednesday afternoon should be lengthened. A Club roster, listing the date and time of meetings of all the clubs should be a bulletin board feature. It would be a good idea to elect a Campus Mayor along with the Campus Queen.

Dale Hatter—Freshman:

I think UB is swell. The curricula is well rounded and the instructors are competent. The University has a bright future in years to come.

Betty Smith—Freshman:

School spirit is lacking and there isn't enough enthusiasm about activities. This situation might be corrected if affairs were held on the Campus. There is a need for a student building such as a gym where dances could be held. There should also be a Campus Rumpus Room where students could gather during and after school hours for recreation and dancing.

George Pappas—Transfer Student:

UB is a great school and I'm glad I came here to finish my education. I think that the student organizations are doing a good job in holding the University together. The social activities are well planned and our teams are tops.

Virginia Kille—Freshman:

Some students have problems about their courses and would like to see their adviser but don't know who their adviser is. The names of the advisers and the advisees should be posted on the bulletin board so new students would know where to go for help. Registration was a terrifying experience for Freshmen, it certainly could be improved.

Dick Fernlund—Freshman:

The school has a bad case of growing pains. Registration should be improved. I think the football team has done a wonderful job for a Freshman team and Coach Gladchuk deserves a lot of credit. We have a good soccer team on the field and I'm looking forward to a team of top notch hoopsters.

New Jazz King

Kenneth Hellman was elected president of The Thumpers, a local jazz appreciation organization, at a recent meeting.

Collazos Wins Poll

Hernando "Hank" Collazos of Bogota, Colombia, is the first of the UB foreign students to cash in on the Howland's Football Poll. He disclaims any knowledge of the finer points of football forecasting, as he has been aware of the sport only since his arrival here nine months ago. Hank is a member of the UB soccer squad, soccer being the national sport of Colombia. A freshman, he plans to remain at UB for two years, thence to Pennsylvania State U. for a B.S. and a D.D.S.

If Hank can do it, so can you; so bring in your entry to the Tobacco Counter at the Howland's Dry Goods Company, and see your name in print, and smoke a free five buck pipe.

STAMP CLUB EXPLAINED

The new Stamp Club will serve a twofold purpose: that of augmenting student collections and that of establishing a school collection. Members may trade duplicates with the University pool, which will be formed from stamp donations of local industrial organizations and student initiation fees.

Trustees Grant \$20,000 Student Activity Budget

After five months deliberation the Student Activities Fund budget has been completed and presented to the Board of Trustees, who approved a grant of \$20,000, over last year's \$15,000, to meet with expenditures necessitated by an enrollment increase from 1,351 full-time students in 1947 to today's 1,807.

With the exceptions of The Scribe, Social Activities, Student Council, and The Wistarian, all other campus organizations have had a financial cut.

Formerly supervised by the Student Financial committee, the Fund, as it appears here, is now allocated by the Student Council, headed by John Cox, president.

HOWLAND'S SPORTSWEAR, SECOND FLOOR

In My Opinion . .

By CLINT HOYSRADT

Football players can't make excuses, neither can coaches, but there were half a dozen other players on Hofstra's side last Saturday night. They were fog, foggy-eyed officials, and fog-saturated pigskin. Wiping off a football is like wiping water off an eel, the surplus water is gone, but the ball is still saturated leaving it so much goo, making it hard to handle, hard to pass, and hard to receive.

Mud Underfoot

Our best offensive weapon is lightning-like speed in running, passing, and all around getting the jump on a heavier foe, but the mud underfoot slowed us to a pace comparable to Hofstra's; and remember, no football team, over-confident or not, can slip in a week so as to lose a game purely because of over-confidence. The first bodily contact or set-back corrects a player of over-confidence, and a game is 60 minutes long.

Meet Johnny Longo

It has been the policy of this corner to play up the unknown, and for that reason Johnny Longo hasn't been mentioned before; but there might be a few UB students who don't know the eighteen-year-old triple threat who scored our lone tally against Hofstra. "Babe" is not new to Bridgeport sport fans.

High Playing in High

In one game against Central H. S. while playing for Harding H. S. (Coach Gladchuk's alma mamee) Johnny Longo scored five touchdowns in that one game working out of a backfield with his two pals "Lucky" DiMenna and "Ginzo" Gianinni. Most local football sport fans figure that game as the outstanding one-man-show in Bridgeport's star-studded history.

Now in college ball, Johnny so impressed Adolf Samborski, athletic coach at Harvard and field judge in the King's Point game with his stellar pigskin totin', that he volunteered the most lavish compliments on "little No. 10". A few of the remarks told to your correspondent were, "I'll take that No. 10 on my team any day. I knew when he ran on the field that he could run like a 'scairt rabbit'; and I was further surprised when he dragged 200 pound tacklers for one or two yards after a hard tackle."

Good Yardage

"If you'd add that yardage up at the end of the game it would be a sizable chunk of yardage gained." When he heard Babe was only eighteen, he cited the case of Albie Booth and other atom-sized greats and ended his conversation with the hope that Johnny would do as much for us some day. It's risky to predict because once it's in print it's hard to refute, but if Johnny Longo is handled right, and Coach Gladchuk is doing just that, he will be recorded as one of UB's really great backs.

Braises and Praises

In the guts department: Praise to Lew Annunziata for playing with a chipped vertebra. . . Norm Victor's outstanding defense work. . . Andy Olayos's unrecognized brilliant offensive work at the flank spot. . . Johnny Longo's guts in showing Hofstra's No. 40 that he could get up even when knocked senseless.

Frank Gianinni's talent seems unrecognized but even with a broken finger he is the smoothest "T" ball-handler in the quarterback column. . . Braises to the Hofstra game officials who cost UB approximately 50 yards because "they didn't want to favor the home team." Huh! pretty lame. If the University can afford thousands for a team, why not spend a few extra bucks for big-time officials.

Dear "Bridgettes":

This is the first opportunity I have had since my visit to Bridgeport to write and thank you for your very kind thought of me on that occasion. The orchids you gave me were lovely and I enjoyed wearing them on the campaign trip.

Thank you so very much for welcoming me to Bridgeport in such a nice way.

Most sincerely,

MARGARET TRUMAN

HALSEY AT MEET

President James H. Halsey attended the annual convention of the Association of Urban Universities last week at the University of Pittsburgh.

Alpha Gamma, Theta Sig, Are Only Possible IM Kings

By JERRY BLOCK

With more than half the season over, Alpha Gamma Phi retains its lead in the Intramural Touch Football League with five games won and one lost.

AGP had won five straight tilts before it met the Sigma Phi Alpha eleven last week. Sigma Phi, who hadn't gained a victory all year, bounced Alpha Gamma out of the unbeaten and untied ranks with an 18-13 trouncing.

The league leaders, however, can do no worse than tie for the crown. Alpha Gamma, which has completed its six game schedule, is trailed by Theta Sigma and Waldemere Hall who have three victories and one defeat each. Theta Sigma, with two games remaining to be played, is the only squad that can possibly catch the high flying pace setter, Waldemere, although tied with TS, has only one more contest to play and will fall short of overhauling the leader by one game.

Rounding out the first four in the league standing is the Fighting Irish with a 1-1 record. Tied for the top of the second division with one win against three setbacks are Sigma Phi Alpha, Delta Epsilon Beta, and Park Hall. Bringing up the rear, Marina Hall has dropped six and has yet to take a decision. These were the standings as of Nov. 10.

Women's Dorms and Sororities Form Intra-Mural Teams

The first meeting of the Women's Intra-mural Council took place in the Athletic Office at Bishop House. Those attending were Carol Conway, Seaside Hall; Adah Forst, Linden Hall; Claire Saltzman, Wistaria Hall; Marie Clark, Theta Epsilon and Thora Carr, Beta Gamma.

Linden Hall has completed their tournament; Adah Forst is the winner in that dorm. She will play the winners from the other dorms and sororities.

Dorms Play Ping Pong

Ping pong intra-murals have been set up among the girls in the dorms and sororities. Those participating are Joan Dudeck, Adah Forst, Annette Nierenberg, Lois Pickins, Becky Sieff, Renee Abramson, Rivy Schultz, and Lynn LeBaron of Linden Hall; Phoebe Warshaw, Katherine Rhinney, Abbey Luria, Dulcie Ponon, Ilene Berkowitz, Sally Sykes, Gail Moshier, Phyllis Epstein, Rose Marie Byrne, Daidy Sattigno, and Barbara Gymbys of Seaside Hall, and Judy Pretiks, Joan Weinrib, Ruth Zallen, Joanne Berman, Vera Layta, and Rita Silverstein of Wistaria Hall.

Other Teams Being Organized

Bowling teams, basketball teams and softball teams are being organized by these groups.

Any girls or groups of girls who would like to participate in intra-mural activities are cordially invited to take part. Leave your name with Margery Osterhoudt in the Athletic Office at Bishop House any morning between 9:00 and 12:00 a.m.

The oldest and perhaps the most widely read regular Scribe feature, "Incidentally Speaking," will be discontinued temporarily to allow the writer, Jim Dlugos, a short respite from the weekly editorial task.

This is, incidentally, the first time that the editor's personal commentary is missing from these pages since the column was inaugurated over a year ago.

Watch for its return soon.

Irving Sends SOS

Mr. Irving of the Recorder's office has requested that all students living off the campus leave their address at his office so they may be reached in time of an emergency. There is also an accumulation of student mail at the office and students are asked to read the mail list that is posted every day and call for their mail immediately.

★ BOB DONALDSON ★ RAY CLARKE ★

Don't quote me on it—but if all those "little" bursts of oratory among the students on ye olde campus get together one day soon—the men's faculty room should start vibrating! From all reports, somebody handed some briefcases and boxes of chalk to the wrong jokers! As I said, don't quote me, son, but some of these "petty gripes" seem like honest criticisms to these ol' ears.

Sage Brush

Glad to see our fast and furious attack on the Fones library netted such quick results!...four chairs were removed—and anyone who can't find space in the library can hold their conversations in F2 instead!...speaking of talking, Dan "the sage of the campus" Greaney came up with a winner last week—"The trouble," quoth he, "with this campus is, there is too many chiefs and not enough indians!"—a noble thought, lad!

Election Bets

Ev Matson of the SAC has just published "The Book on Wheels" a play-by-play on who's what where!...remember folks, you can't tell the actors without a program! Phil Peterson, once a Republican, is now an "American" (that means Democrat...doesn't it Phil?)...add to sights I've missed: "Mr. A." easing himself out of his pre-Nov. 2 predictions!!

Local Girls Make Good

Sigma Phi Alpha's "social set" stood by with clasped hands and shining eyes last Saturday while Matty Morris (their president) and Bet Horvath (of Bookstore fame) vowed never to part...Ernie Goodreau and Bessie have commandeered a house in Stratford...for further details on technique—see the bloody, beaten ex-owner!!

Easy Doesit

Skipper's (in Stratford) is the latest conquest of the jubilant after-the-game U-Bops!...everybody had a great time standing on the tables...Tom McGannon (he drives the big ones, son!) and Lois McClellan used most of the floor for "dancing"...Dick Hines was caught reaching for Frank Driscoll's pitcher...now they call him "Lefty"!!

Big Fog

The Theta Sigma clan hit Saturday's game en masse...after Friday's "stag" their bloodshot eyes couldn't quite reach 100 yards, but they saw most of the game!! Terry

Dr. Roucek Plans Am. Sociological Chapter at Bpt.

A meeting of UB student affiliates of the American Sociological Society, for the purpose of organizing a chapter at the University, was held Monday, November 8, at the Bridgeport YMCA. Dr. Joseph S. Roucek, head of the sociology department and temporary chairman of the meeting, oriented the group on the nature of the society and explained the advantages of a local chapter.

The group hopes to work in conjunction with various civic agencies in keeping informed as to community problems and in affording opportunities to apply classroom theory.

Officers Elected

Tentative officers were elected with Steve Komlos being chosen president and Ruth Downing secretary. Voluntary committees were set up to facilitate organization. The committee charged with framing a constitution included Fred Cicalo, chairman, Joseph Hillson, Marie Clark, and Arnold Levine. The program committee included Paul Sohovic, chairman, Donald Beckwith, R. Harris and F. J. Gawlowicz. William Simon was chosen publicity chairman.

NEW SCHOLARSHIP FUND

The creation of a scholarship assistance fund for students of the University of Bridgeport who are majoring in American History was announced recently at the annual dinner-meeting of the General Gold Selleck Silliman chapter, Sons of the American Revolution, in the Algonquin club.

The scholarship, to be known as the General Silliman fund, now totals \$200 and will be increased in the future.

Brannely's outfit—Beta Gamma—had a wild old time Friday at Lil Panuzio's abode...the pajama party started at 10 and lasted 'til 5 a.m....who says women can't talk!!—

Hot Copy

Ernie Holly is editing this year's Helicon which promises to top even last year's sales!...Incidentally, it's not too late to join the editorial committee if you're interested!!...Wonder what Stan Vantes and that N. Y. model find so interesting 'til early Sunday a.m...."Great Books" no doubt!...The Literary Club sponsored its first "Books and Coffee" Friday...Mr. W. Banks, the speaker, was terrific!! And I got a cup of coffee, honest!

On Republicans And People

Theta Epsilon cast a quick look-see at future pledges Friday eve—their tea was a great success.

News Item: Is your love life giving you trouble? Why not write the Scribe's newly hired matrimonial expert—free of charge. Will someone kindly give that "guardian of the pole" Tom Kasmiro a slight clue—since he's been eating he even blocks "the Duck's" kicks from the spectator's view!!

Whistle

Next time you see Barbara Reilly or Helen Jobst—"Don't forget to whistle!" (Courtesy of Joe Waxman!)...oh, that cheer!!...Miss Dorn, an avid Republican was seen giving Margaret Truman a large bunch of roses when the President visited B'port...I heard rumors that Margaret's an avid Demmy!! The cheerleaders and football players had a king sized party in the Stables 'tother eve...I think they should get together more often! so do the gridders!...Gil Brusseau and Alice Travers are planning to "take the step" on Thanksgiving Day—they'll miss the Harding-Central game, but nobody seems to care!!

Up And At-em

Our own Janie Gilmore invaded "Pennsylvucky" last weekend—she featured the Army-Penn game...Drop a short tear for the Park

Christmas Jobs at Premium

In a move to clarify the issue regarding eligibility for employment in the post office during the Christmas rush, Assistant Postmaster William Gerrity announced today that, beginning Dec. 1, only civilians formerly employed by the post office, and veterans, would be permitted to file applications.

No Exam Needed

Men seeking part time employment during the Christmas holidays are not required to take an examination, but applications must be filed by the first week in December.

House lads (the "Dukes") who hit the deck at 6:40 p.m. the other day in a surprise fire drill!

In closing let's all wish Bob lots of luck in his new campaign!! if only he had his own teeth back!!
